*Candidates must complete this AIS academic plan application prior to completing 40 semester hours along with his/her faculty, chairperson(s), advisor(s), and dean(s). AIS academic plans submitted after 40 or more semester credit hours are completed must be approved by the Provost's Office. If you take courses prior to approval of this AIS academic plan, the courses may or may not be approved for this degree. The AIS academic plan must outline an intended area of concentration and designate course areas for further study to accommodate this plan. Revisions to the ATS academic plan must be approved by the chairperson(s), dean(s), and Office of the Provost, with a copy of all revisions sent to the Records Office.

Required General Education Core (15 credit hours minimum) including ENG 111; a mathematics course or sequence of courses approved for the mathematics component of the College's General Education Core; and at least 9 hours in two the following categories: arts and humanities electives, social and behavioral sciences electives, and natural science electives.

				Method of Credit Completion			
Course #	Course Title	CRHR	Semester	TR	PE	OCC	Grade
